On May 16th & 17th, we will be hosting our annual Spring Yearbook Workshop. Much like gardening, we need to plant seeds now to ensure we have a great harvest in the Fall. Your yearbook is no different. We need to prepare now for a successful 2017-2018 school year. This workshop will get our hands a little dirty by digging into topics such as design trends, theme development, covers, page planning as well as sales and marketing of your yearbook.

Your yearbook staff can expect to roll up their sleeves and begin the team building process by selecting a cover and your theme, planning your pages and developing a complete sales & marketing campaign.
