Your Ideas

This Issues Winning JRR Idea - March Madness

*Tina Dietrich
Fountain Woods Elementary School
Burlington, NJ*

All month long is "March Madness" at Fountain Woods Elementary School. Staff members place the names of students into a box for random acts of citizenship. Students have been entered for returning money found, being kind to a classmate, helping explain classwork to a friend, cleaning out their desk when they usually don't, good manners, and the list goes on. At the end of each day a student is drawn from the box. A portion of our theme song (Eye of the Tiger) is played over the loud speaker, then the student is announced along with the reason they student was entered. They are then called to the office to receive a Renaissance T-shirt and to get their picture taken for the MultiMedia bulletin board. The bulletin board has their picture along with

their name and why they were chosen. Feedback I have received is that the kids get excited as soon as they hear the music and several teachers have noticed students who usually don't go out of their way trying to help others, pick things up off of the ground, etc. because they want to be picked. Some students who have already been chosen have been reported to have "a whole new attitude."

For more information please contact Tina Dietrich at tdietrich@burltwpsch.org

For submitting this idea, Tina will receive a Jostens Renaissance hoodie and is now eligible to receive an all expense paid trip for two to the 2009 Jostens Renaissance National Conference.

Program Enrichment

Following Freshman Blog: Read about Scotty and DJ

Follow the trials and tribulations of Scotty and DJ as they make their transition from high school to college. Each blog brings a unique perspective to the freshman college experience. Each student has his/her own challenges in making the adjustment to being in college and all of the demands that the college experience brings. Discover what the college experience is really like through the eyes of a real college freshman!

Take a look at a recent posting to get an idea of the honest and invaluable information that is at your fingertips on the Following Freshmen Blog:

Spring Break Doesn't Mean a Break From Work

Spring break officially starts Monday, but since I don't have class on Friday mine starts early. It could not have come at better time either. This week has been full of professors squeezing in exams before break which translates to all work and no fun. The good thing is that I only had one that was cumulative.

Although, many of my professors were going on vacation they still were able to assign work. I have two chapters to read for political science, an oral evaluation that I have to write for Spanish and an English paper due the day I return. That does not even include long term assignments that I have to work on.

Despite this workload I have dedicated this weekend to pleasure reading. My mom bought me the last two books of the Twilight series last week. However she would not give them to me until spring break because she knew that I would be so engrossed in the books that I would not do anything else. She was right. I am also going on vacation to Buffalo next weekend to play sled hockey. This should be exactly what I need to rejuvenate my spirit and be ready for the second half of the semester and all the adventures it will surely bring! That does not surprise me as everyday is an adventure.

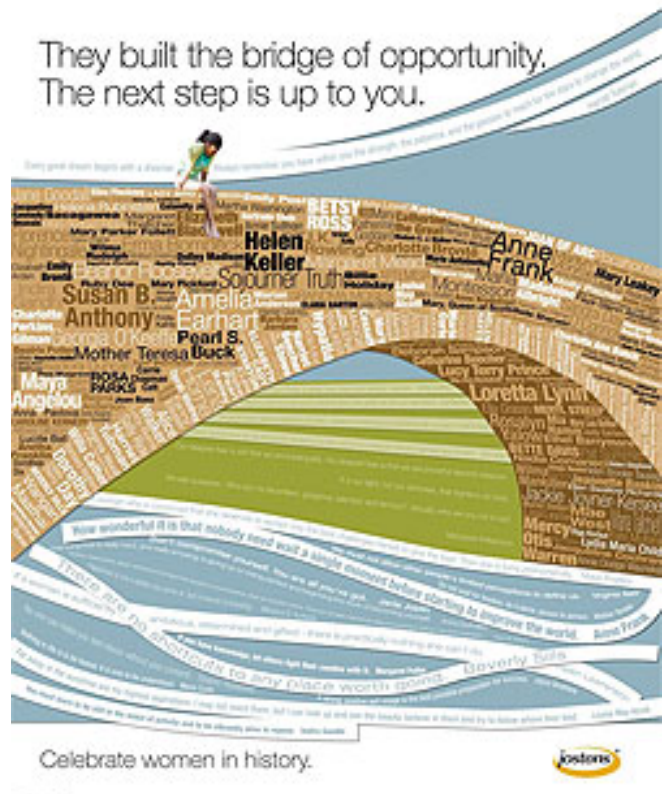

Postings are scheduled to be made twice weekly. To follow the freshmen journey of Scotty and DJ, just go to the Jostens Educator Services home page and click on the Following Freshmen link. www.jostens.com/edserv

Bullying Beyond the Schoolyard helps educators confront technology-based aggression and ensure the safe and responsible use of computers and the Internet.
