

THE HARBOR™ BY JOSTENS

LIGHTS. CAMERA. CHARACTER.

The Harbor™ is an educational video resource that teaches tangible life lessons and character development through engaging video content and classroom discussions. Hosted by renowned youth speaker Mike Smith, each episode features real people with real perspectives and covers a range of pertinent topics allowing students to explore important issues they encounter every day.

Topics include:

- **Judgement**
- **Service**
- **Stereotypes**
- **Diversity**
- **Social Media**
- **Leadership**
- **Pressure**
- **Time Management**

Designed for the classroom:

The Harbor is designed specifically for the classroom, with a casual style and engaging dialogue that's inspiring, easily relatable and promotes class discussion. Jostens customers have access to the following tools to help develop character in students and culture on campus:

- Access to the complete library of Harbor episodes
- New, 5-minute episodes released weekly during the school year
- Downloadable, critical-thinking discussion guides

Ways to use *The Harbor*:

- Show weekly in homerooms or advisory periods and engage in class discussions
- Incorporate relevant videos into daily lesson plans
- Show at rallies and assemblies to inspire positive action among all students
- Broadcast during video announcements

How to access *The Harbor*:

Current Jostens customers get exclusive access to *The Harbor* on [JostensRenaissance.com/theharbortv](https://www.jostensrenaissance.com/theharbortv). Just set up an account on the site using the access code from your Jostens representative.

NOTE: Multiple users can sign into the same account at the same time. Most schools find it easiest to have a single account for all of their educators.

Considering Jostens?

If you're considering becoming a Jostens customer, trial memberships are available that allow you to access one episode per month for a limited time. Ask your Jostens representative for more details.

*"When I push play on *The Harbor*, I look around my classroom and they are enthralled! They're not just listening, but applying, agreeing and learning."* — High School Teacher, Arizona
