

# JOSTENS RENAISSANCE® GETTING STARTED KIT

## IT'S RENAISSANCE IN A BOX

Ready to energize the climate and culture at your school? We are ready to help! For over 25 years, Jostens Renaissance Education has helped schools across North America renew their climate and culture. With unparalleled resources, a library of best practices, and a vibrant community of educators, schools are driving tangible results through the Renaissance formula.

This kit was designed to help you get started with Jostens Renaissance. Within the box, you will find:

### Flash Drive (1):

This flash drive includes a five-episode video series filmed in Renaissance schools, showing their insights and best practices for the five key folder themes, as well as a host of other digital resources and worksheets.

### Folders:

Each of the seven folders within the kit focuses on specific approaches and tools that schools use in executing the Renaissance formula:

- **Intro to Renaissance**
- **Recognition and Reward** — Insights on creating an energized culture of recognition.
- **The Look of Renaissance** — Learn how Renaissance schools bring the Renaissance formula to the physical appearance of their school.
- **Renaissance Rallies** — The most high-profile and impactful Renaissance event in a school.
- **10 Steps to Getting Started** — A step-by-step guide for implementing Jostens Renaissance.
- **Resources** — Your guide to Jostens Renaissance climate and culture resources, all designed to help execute the Renaissance formula.

### Posters, Assessments and Worksheets:

Included in the kit are assessments to take stock of your current climate and culture; worksheets to support and chart your progress; examples from the Idea Exchange so you can get started with proven ideas; and posters to help establish the look of Renaissance in your school.

### Idea Ideas Ideas Book:

Written by Renaissance Hall of Fame educator Steven Bollar, this book is packed with Renaissance ideas that you can implement in your school.
